Understanding the Home Care System

A variety of organizations are involved in providing home care. You may require a mix of services from **Home** and Community Care, Community Support Services, and/or Private Services to help you remain living at home.

Ministry of Health **Physicians Specialty Services** and Long Term Care **Local Health Integration Hospitals** Long Term Care Homes **Networks (LHINs) Home and Community Care** Community **Private** formerly CCAC **Support Services** Services Care is contracted out to agencies **Adult Day Programs Personal Support Nursing** Nursing Caregiver Support **Personal Support** Respite **Volunteer Visiting Transportation Home Help Medical Supplies** Hospice/Palliative Care (housekeeping assistance) **Therapies Meal Programs Retirement Homes** (Occupational, Physical, Speech, Dietary, Social Work) **Transportation Equipment Supports for Daily Living** (24/7 onsite assistance) Home Help Available from Acclaim Health (housekeeping assistance) Manages funding, planning This diagram is intended to give you a high level **Mental Health** Fully Funded, no client fees overview of the health care system, and is not intended as a comprehensive list of services.
