Oh dear, I hate to say it, but I fear flu season's here once more,  
With its chills, fever, aches, pains, and other symptoms we abhor.  
While viral YouTubes have many viewers, viral illnesses have issues,  
Requiring things like **throat spray**, **chest rub**, and a **pack of tissues**.

Off to the pharmacy for a **pill bottle**, **cold & flu syrup**, and **7 cough drops**;  
For an upset tummy—**7 saltine crackers**, **ginger root**, and cherry ice pops.  
Stock up on **3 cans of chicken noodle soup** and **2 cans of Vernors ginger ale**.  
Have on hand a ripe **banana**, **2 lemons**, and a juicy **orange** without fail.

Keep a **stethoscope**, **thermometer**, **face mask**, and **2 latex gloves** handy,  
Along with **6 teabags**, a **teacup**, a **bowl**, a **spoon**, and **honey**, so dandy.  
A **heating pad** and **ice bag** are what the doctor orders for your care,  
Along with purchasing a new **toothbrush** and spraying **Lysol** everywhere.

And if the flu bug happens to find you (and we sincerely hope it does not!),  
Grab your old **Raggedy Ann doll** for a hug—it has seen you through a lot!  
Park yourself on the sofa with a blanket and the **remote control** in range,  
Then allow everyone in your household to take care of you for a change!
